Revenues 2008 ⁽⁵⁾

Notes: (1) We had signed Gazipasa Airport concession agreement on January 7, 2008 and we have not started operations yet.
 (2) We started operations in Monastir Airport on January 1, 2008. Enfidha Airport is under construction (greenfield investment)
 (3) We are awarded the tender on September 2, 2008 and we have not started operations yet.
 (4) Based on number of flights for 2008
 (5) Revenues represent the proportional interest of these companies in TAV Airports (e.g. 50% of ATÜ revenues, 60% of TAV Georgia for whole period) (before eliminations)

Ownership Structure (As of July 02, 2009)

Shareholder Structure

* 34,875,000 of the shares owned by Goldman Sachs that correspond to 9.6% of our issued and outstanding share capital have been provided by Tepe, Akfen Holding and Sera to Goldman Sachs as collateral and the title of those shares have been transferred to Goldman Sachs for this purpose. A pledge granted by Goldman Sachs in favour of Tepe, Akfen Holding and Sera exists on those shares. As a result, the voting rights, right of receiving dividends, pre-emption rights for participating in cash share capital increase in connection with those (except for acquiring gratis shares under any share capital increase) belong to Tepe, Akfen Holding and Sera.

Founding shareholders

1. Tepe – Turkish integrated conglomerate focused on infrastructure and construction
2. Akfen – holding company operating in the construction, tourism, foreign trade, insurance and natural gas sector
3. Sera Yapi Endustrisi – family of Dr. Sani Sener, CEO of TAV Airports

Other shareholders

4. Goldman Sachs International *
5. Other Non-floated
6. Free Float (42.82%)
 - ▶ Global Investment House – a Kuwait based fund (2.18%)
 - ▶ IDB Infrastructure Fund (3.62%)
 - ▶ Other Free Float (37.02%)

Diversified Portfolio

- ▶ Diversified portfolio with leading market positions
- ▶ 48% market share ⁽¹⁾ in Turkey, 38% market share ⁽²⁾ in Tunisie, 100% market share ⁽³⁾ in Georgia
- ▶ Large catchment areas
- ▶ Non-aeronautical revenues 62% of total revenues

Clear Regulatory Framework and Earnings Visibility

- ▶ Agreed regulatory framework providing hard currency fees
- ▶ Long-term concessions (Istanbul: 2021, Ankara: 2023, Tbilisi: 2027, Tunisia: 2047)
- ▶ Fixed cost base and minimal ongoing maintenance capex⁽⁴⁾

Well Positioned for Growth

- ▶ Target regions; Europe, the CIS countries including Russia, the Middle East, Africa and India
- ▶ Well positioned to win concessions, MSPs, service contracts
- ▶ Development of the service business (e.g. ATÜ, BTA, Havaş)

Notes: (1) Based on DHMI 2008 number of passengers
(2) Based on OACA 2008 number of passengers
(3) Based on Georgian Authority 2008 number of passengers
(4) Minimal capex on existing concessions as all terminals are brand new and no mandatory capex requirement.

Turkey is a Fast Growing Market

Attractive Market Conditions

- 5.9% average GDP growth between 2002-2008
- In 2008 foreign visitors amounted 26.3m⁽¹⁾ (tourism approx 5% of GDP)
- 2nd largest country in Europe (population: 71m)⁽²⁾
- Current passport holders represent only 11% of the Turkish population, while 50 million are under the age of 30 ⁽³⁾
- Limited alternative transport infrastructure
- From 1991 to 2008, the annual Turkish passenger growth rate was 11.5% pa, despite events such as the wars in Iraq, earthquakes, terrorist attacks, economic crisis ⁽⁴⁾
- Turkey is estimated to post 7.5% passenger growth between 2007 and 2011 ⁽⁵⁾

Diversification into high growth markets

Large catchment areas in operation

- **Turkey**
 - TAV is the leading airport operator in Turkey with a 48% market share and high quality passengers
 - The airport terminals which we operate in Turkey handled 41 million passengers in 2008⁽¹⁾
 - Istanbul is the largest business center in the region
- **Tunisia**
 - The operation is started as of January 1, 2008 in Tunisia Monastir Airport, which handled 4.2 million passengers in 2008.
 - The operation shall be undertaken in Tunisia Enfidha Airport following the completion of the construction (2H09)
- **Georgia**
 - TAV operates Tbilisi Airport (capturing 91% of all air traffic in Georgia) and Batumi Airport in Georgia
- **Macedonia**
 - TAV holds the operation rights of the Alexander the Great Airport in Skopje, the St. Paul the Apostle Airport in Ohrid and the New Cargo Airport in Shtip for 20 years.

Operating 3 of the 4 largest airports in Turkey

Source: DHMI, Passenger figures for 2008
 Since 2008 DHMI passenger figures are including transfer passengers, 2008 passenger figures are not comparable with 2007 passenger figures.
 Notes: (1) Excluding transit passengers.
 (2) TAV only operates the International Terminal, which had 1.7m passengers in 2008

Traffic Performance

In 6M 2009 (January-May period)

Passenger:

- 18.8 million total passenger (1% growth)
- 8.2 million int'l passenger in Istanbul Ataturk Airport (3% growth)

Air Traffic Movement:

- 172.6 thousand ATM

Note: Since 2008 and 2009 DHMI passenger figures are including transfer passengers, 2008 and 2009 passenger figures are not comparable with previous years' passenger figures.

Note: Passenger service charges apply to departing passengers only

4.8 billion passengers expected to double in the next 20 years (*)

TODAY

- ≈18.300 commercial aircraft
- ≈ 4.8 billion passengers
- ≈ 2000 commercial airports
- 93 Airports represent % 64 of the passengers in the world

BY YEAR 2027

- 35.000 commercial aircraft
- 9.6 billion passengers
- ~\$300 billion investment is needed for Airport construction & Expansion

Problem

Inadequate Airport Infrastructure

Solution

Public Private Partnership (PPPs)

(*) Source: Airports Council International (ACI) Airport Economics Survey 2008

Airports need development!!!

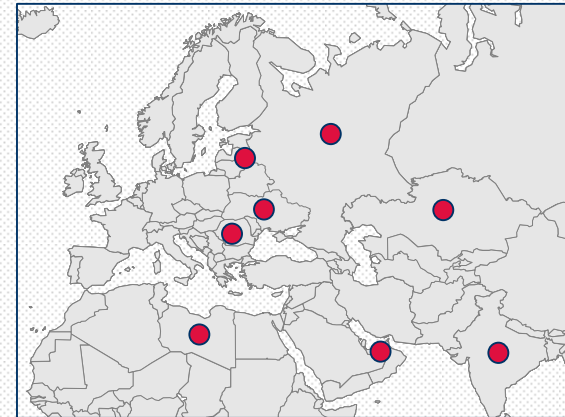

- Significant traffic growth expected in the region
- Thus, significant number of airport developments continuing and upcoming in the Middle East, Africa, Europe, the CIS countries including Russia and India
- Thus, experienced international airport operators will be needed as the infrastructure developments reach completion

- **SJSC Riga International Airport (Latvia)**

Latvia will be the fastest growing market in the world with an estimated 12.1% annual growth for the period between 2007 and 2011 ⁽¹⁾

Notes: (1) IATA, Top 10 highest growth countries with over 2m annual passengers; Ranked by average annual growth rate for the 2007-11 forecast period

Potential projects in the region

Developments in 2007

18 May 2007 - Tunisia Enfidha and Monastir airports concession agreement is signed

26 May 2007 – Batumi Airport commenced operations

22 June 2007 – TAV Esenboga signed the refinancing agreement

6 July 2007 – We purchased 25% of TAV Esenboga

30 July 2007 – We purchased 5% of TAV Izmir from Havas

31 August 2007 – We won Antalya-Gazipasa tender for 25 years

19 November 2007 – The share of TAV in Havaş has increased from 60% to 100%.

Developments in 2008

1 January 2008 - We started operating the Monastir Airport in Tunisia

7 January 2008 – Antalya-Gazipasa Airport concession agreement is signed.

10 March 2008 – TAV Istanbul signed the refinancing agreement

25 April 2008 – TAV Tunisie signed a project financing agreement

Developments in 2008

2 September 2008 – TAV was awarded the tender in Macedonia.

24 September 2008 – The concession agreement for three airports in Macedonia has been signed

4 November 2008 – Ataturk Airport expansion project has been signed between TAV Istanbul and State Airport Authority (DHMI)

19 December 2008 – Turkish Airlines declared that HAVAS has been elected as a 50% partner for the TGS Ground Handling Services Inc.

Developments in 2009

26 January 2009 – The consortium by TAV Airports and Skonto Buve LTD bid for the SJSC Riga International Airport tender in Latvia

30 January - 13 February 2009 – The shareholders exercised their pre-emptive rights stemming from the 50% rights issue for 15 days

02 March 2009 – The consortium by TAV Airports and Skonto Buve LTD has been elected for the partnership with the SJSC Riga International Airport Management.

30 June 2009 – The agreement regarding the sale of 15% of shares of TAV Tunisie SA to International Finance Corporation (IFC) is signed by the parties.

TAV Airports – Overview	1
TAV Airports – Operations	16
TAV Airports – Financial Overview	27
Conclusion	34

Traffic & passenger growth

- ▶ THY joined Star Alliance in April 2008 → expected to boost pax by 2 million

Commercial revenues

- ▶ ATÜ and BTA expected to increase revenues at new airports
- ▶ All international passengers eligible for duty free (departing and arriving)

New concessions

- ▶ Recently won SJSC Riga International Airport tender in Latvia
- ▶ Started operations in Monastir Airport in Tunisia in 2008

Capex

- ▶ Minimal maintenance capex on existing concessions as all terminals are brand new

(*) As of 31 March 2009

Historic Overview

- IFRIC 12 is a new application regarding to interpretation of most of existing standards in the IFRS for example, IAS 11-Construction Contracts, IAS 16-Property Plant and equipment, IAS 17-Leases, IAS 36-Impairment of Assets and IAS 38-Intangible Assets.
- IFRIC 12 Service Concession Arrangements was developed by the International Financial Reporting Interpretations Committee. Effective date of the application is 1 January 2008.
- TAV Airports adopted IFRIC 12 in the consolidated financial statements for the first time as of 31 March 2008 retrospectively.
- IFRIC 12 affects P&L in terms of the decrease in aviation income (for the guaranteed passenger fees) and depreciation expenses while the increase in financial income in accordance with such interpretation. “BOT assets” are classified as “airport operation right” and “trade receivable” in the consolidated financial statements.
- It means the operator (TAV Airports) should account these investments as cost and book construction revenue (if a mark-up on costs) on its financials instead of investments according to the completion of infrastructure throughout the construction periods. Mark-up rates for TAV İzmir, TAV Esenboğa, TAV Tbilisi and TAV Tunisia, which are in the application of IFRIC 12 are assessed by the management as 0%, 0%, 15% and 5% during the application periods, respectively.
- The remaining discounted guaranteed passenger fee to be received from DHMI according to the agreements made for the operations of Ankara Esenboğa Airport and İzmir Adnan Menderes Airport is represented as guaranteed passenger fee receivable in the balance sheet as a result of IFRIC 12 application.

The effect of adoption of IFRIC 12

Balance Sheet (Assets)

Airport operation right	→	Added
Trade receivables	→	Increase
Build-operate-transfer ("BOT") Investment	→	Removed

Income Statement

Construction revenue	→	Added
Construction expenditure (-)	→	Added
Aviation income	→	Decrease (guaranteed pax fees)
Discount interest income	→	Added
Depreciation and amortisation expense (-)	→	Decrease

Cash Flow Hedge Accounting

- Subsidiaries, TAV İstanbul, TAV Esenboğa and TAV İzmir enter into swap transactions in order to diminish exposure to foreign currency mismatch relating to DHMI instalments and interest rate risk to manage exposure to the floating interest rates relating to loans used.
- 100%, 100%, 80% and 100% of floating bank loans for TAV İstanbul, TAV Tunisie, TAV İzmir and TAV Esenboğa, respectively are fixed with financial derivatives.
- Changes in the fair value of the derivative hedging instrument designated as a cash flow hedge are recognized directly in equity to the extent that the hedge is effective. To the extent that the hedge is ineffective, changes in fair value are recognized in profit or loss.

Sensitivity Analysis

▪ A 10 percent strengthening of the EUR against the following currencies at 31 March 2009 and 31 December 2008 would have increased (decreased) equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant. The analysis is performed on the same basis for 2008

▪ Based on the Group's current borrowing profile, a 50 basis points increase in Euribor or Libor would have resulted in additional annual interest expense of approximately EUR 0.9 million on the Group's variable rate debt when ignoring effect of derivative financial instruments. EUR 0.4 million of the exposure is hedged through IRS contracts. Therefore, the net exposure on income statement would be EUR 0.5 million. A 50 basis points increase in Euribor or Libor would have resulted a decrease in hedging reserve in equity approximately by EUR 19 million.
